Deawed villas with backyard and annex for sale

Come and see this set of contiguous villas in need of rehabilitation, with patio and annex. The potential and location of these properties is great so that you can enjoy the quality of life of a quiet village, where you can find everything you need for your day-to-day, however, the proximity to the city of Castelo Branco is one of your assets. The quality and ultimate comfort of these properties only depends on you. It is possible to access the patio area by car, although it has some conditionings in the final route. The patio allows you to enjoy the sun, because it is south of the villas, privacy is guaranteed by walls about 2 meters high, guarding the charms that exist there, such as stone walls in shale, a Varandim surrounded by these walls, a centenary olive tree, an orange tree and a generous space to enjoy as you please. If you need credit for this project, we are credit intermediaries with the authorization of Banco de Portugal no. 0007205. Talk to your ADN, schedule your visit and get to know your future property.
